

JULY 2-3 2016

THE 1ST ISIAQ

SUMMER SCHOOL

If you are a student in the Master's program, PhD student or post-doctoral fellow, if you believe that efficient, comfortable and healthy buildings are not only possible but necessary, if you are interested in building lasting collaborations and have fun doing it all...

Event description

ISIAQ summer school gives a valuable opportunity to become acquainted with the advances and current directions in ISIAQ-related research fields. Enrollees (registration at the bottom of second page) will interact with some of the world's foremost specialist in the field.

The two-day program will consist of four lectures on the thematic areas covered by ISIAQ: (1) IAQ and Exposure, (2) Ventilation, (3) Microbiology of the Built Environment, (4) Thermal comfort and Human perception. Two tutorials at the beginning of each day will help scholars structure their papers and presentations in an efficient way. Finally, we will have an organized visit to a sustainable building in the area which will be facilitated by the building project coordinator and one of our speakers.

MEET
people from other
countries

LEARN
from the world's
best researchers

SHARE
ideas, concepts,
experiences,
dreams

CREATE
new projects, new
relationships,
a new vision

KEEP CALM
AND
GET READY TO
SUMMER
SCHOOL

Program time table

DATE	TIME	ACTIVITY
July 2 Saturday	08:00 – 09:00	Introductory session – Participants getting to know each other and their work
	09:00 – 10:30	Tutorial: “How to write a scientific paper”
	11:00 – 12:30	Lecture: “IAQ and Exposure”
	12:30 – 13:30	Lunch break
	13:30 – 15:00	Lecture: “Ventilation”
	15:00 – 18:00	Field visit: “Building and IAQ audit (planning, deploying instruments, executing measurements, discussion)”
	18:00 – 21:00	Sightseeing followed by dinner
July 3 Sunday	09:00 – 10:30	Tutorial: “How to give an effective presentation”
	11:00 – 12:30	Lecture: “Microbiology of the Built Environment”
	12:30 – 13:30	Lunch break
	13:30 – 15:00	Lecture: “Thermal comfort and Human perception”
	15:00 – 18:00	Guided tour around Ghent
	18:00	Indoor Air 2016 conference opening ceremony

Location

Ghent University’ downtown campus, Belgium ([map](#)).

Cost

130 EUR (includes entire program, food & drinks, gifts).

Housing

Optional (not included) - We pre-booked student dorms of Ghent University at the low rate of 60 EUR for 2 nights. Check-In July 1st.

Register [HERE](#).

SPEAKERS

William Nazaroff

UC Berkeley

Andrea Ferro

Clarkson University

Brent Stephens

Illinois Institute of Technology

Andrew Persily

National Institute of Standards and Technology

Martin Täubel

National Institute for Health and Welfare

Ken Parsons

Loughborough University
